

ENVIRONMENTAL POLICY

Crocodyle Gold Australia Operations Pty Ltd acknowledges that effective environmental management is paramount to a successful future. Our vision of a sustainable environment will be reflected at every level of our business culture.

Commitment:

Crocodyle Gold Australia Operations Pty Ltd commits:

- To implement and maintain a comprehensive and effective Environmental Management System to maintain a sustainable environmental focus and execute compliance with all environmental legislation, licenses and regulations;
- To integrate the highest level of environmental consideration, strive to employ the best possible environmental management practices, and foster mutually beneficial environmental partnerships in all phases of our operations;
- To conduct business in a manner that minimizes any adverse environmental effects;
- To instill a behaviour of primary environmental performance responsibility in each person involved in our operations;
- To foster mutually beneficial environmental partnerships with host communities;
- To understand, encourage and promote eco-cultural and cross-cultural awareness, and where-ever able, identify and protect sites of cultural significance;
- To maintain appropriate and effective communications with landowners, people of country and the greater community, who may be directly affected by our operations;
- To implement and maintain a culture where appropriate environmental, social, cultural and economic considerations are effectively integrated into all planning and decision making processes;
- To seek continuous improvement in the management and use of resources in environmentally sustainable exploration, mining, processing, waste management and rehabilitation;

To fulfill our commitment to the environment we will aim to continually improve our environmental performance by regularly:

- Reviewing objectives and targets;
- Monitoring performance against objectives and targets;
- Evaluating our environmental risks and striving to implement appropriate controls;
